

"Every 9½ minutes someone in the U.S. is infected with HIV."

YOU should be tested for HIV if:

- You are a man who has sex with other men.
 - You have injected drugs and shared equipment.
 - You have had a sexually transmitted infection.
 - You have had unprotected sex with multiple partners.
 - You have traded sex for money or drugs.
 - You have had a partner w/any of these risk factors.
-

The logo for the AIDS Resource Center of Wisconsin (ARCW) features the letters "ARCW" in a serif font. A red arc is positioned above the "A" and "R", and a red horizontal line is positioned below the "C" and "W".
